

Smarties Tutoring Services™

*Success starts
with Smarties™*

Smarties Tutoring Services™ partners with schools to run innovative and rigorous academic intervention programs. We offer programs in language arts and mathematics. Smarties specializes in working with students with disabilities and English language learners. Our staff of professional educators works with principals, curriculum coordinators, and classroom teachers to develop a customized program specifically designed to meet the needs of students at risk of failure and dropout.

VMath

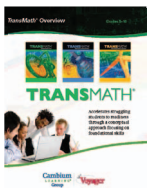

Provide individualized, differentiated instruction for grades K-8 with this modular-based, grade-level strategic math intervention.

Read Well

Build the foundation for sustained reading success with a K-2 reading and language arts curriculum that provides individualized, differentiated instruction
